Program & Entry Information

Welcome Letter

Dear National Championship Competitor,

On behalf of the National Rifle Association, our volunteers and our sponsors, it gives me great pleasure to welcome you to the 2016 NRA National Smallbore Championships.

We are excited about this year's championships and we have made several changes to the match schedule. Flow charts have been included to better understand how the events are arranged to come to the end result of a National Champion. Please review them thoroughly.

This year will be the first championship in Bristol, Indiana, since this location was made the permanent site of the Smallbore National Championships. We will be working with the host club, the St. Joseph Valley Rifle and Pistol Club, to make improvements and welcome your suggestions.

We have received the new Lones Wigger Ironman Trophy that will be awarded to the highest individual score over all events. We appreciate Mr. Wigger's generous donation and are pleased to be able to present this award in his name. Please join with us in thanking Mr. Wigger.

The NRA Championship staff has once again worked tirelessly with community leaders, supporters, and businesses to provide you with a superb experience while in Indiana. The Bristol and Elkhart communities are excited and fully supportive of these events and also welcome you to the area. NRA staff is currently continuing their work with community businesses to arrange reduced housing fees, special pricing at restaurants, reduced campground fees, and special events to be held for competitors. We are working hard to provide a championship series that is much improved over last year.

There is a new host hotel, the Quality Inn & Suites, with reduced rates for your use.

We believe that you will continue to enjoy your experience in Indiana and will find the range facility and surrounding area to your liking and enjoyment.

Good Shooting.

Dennis L. Willing

HELP MAKE COMPETITIVE SHOOTING SPORTS LAST FOR GENERATIONS

One of the best ways to permanently secure the future of competitive shooting is to give gifts to help permanently endow it. This is why John Sigler, 2007-2008 NRA President, established both the NRA and the NRA Foundation Competitive Shooting & National Championships Endowments as an important priority. These endowments help ensure the continued operation and growth of competitive shooting and national championship events.

An endowment is a permanent fund that produces investment income. The permanent fund is never touched – only a portion of the fund's earnings are used for qualified programs. Earnings in excess of funds used for program purposes are reinvested to ensure the fund's growth, thus providing a source of annual income in perpetuity. In the case of the Competitive Shooting & National Championship Endowments, the collective gifts will work together to sustain and grow competitive shooting programs.

Both the NRA and the NRA Foundation have established a Competitive Shooting & National Championships Endowment, and a gift can be made to either, depending on your tax needs. Gifts to the NRA Foundation are deductible for tax purposes, while gifts made to the NRA are not tax deductible. Your gift to either Competitive Shooting & National Championships Endowment will benefit eligible NRA-supported Competitive Shooting programs, including: competitions, junior programs, volunteer activities, postal matches, and disabled shooting services.

Official Time

The Range Director will keep the Official Time.

In-Processing

All competitors must report to the Statistical Office (or bench area at the NRA store) to pick up their entry packets that include waivers. Return the waiver to the Statistical Office to receive your competitor number and other information.

Monetary Awards

The National Rifle Association continually strives to achieve full compliance with all tax laws and regulations. In this regard, the Financial Services Division conducts an ongoing review of all NRA-sponsored competitions, including but not limited to the National Matches at Camp Perry, the NRA Action Pistol Championship (Bianchi Cup), the Smallbore Conventional and Metric Championships, and Silhouette Championships, where a tax event might occur. A tax event occurs when a competitor wins a total amount of at least \$600 in a tax year in cash and/or merchandise prizes (excluding plaques and trophies). Because the NRA is unable to determine who might win a total of \$600 or more, every competitor receiving monetary awards is required to complete a form W-9. At the end of the year, W-9s are reviewed and an IRS Form 1099-Misc is issued to all competitors whose total winnings are at least \$600. The W-9 forms for competitors whose total winnings do not exceed \$599 are securely destroyed. Please feel free to contact Portia Padilla at 703-267-1652 if you have any questions in regard to this matter. Thank you for your corporation.

Authorized Assistance

Adaptive competitors may have assistance in moving equipment to and from the firing line. In the case of a team, the captain or coach or NRA staff may assist.

It is the responsibility of the hearing-impaired competitor to inform the Range Officer each time he/she goes forward of the Firing Line.

Smoking

Smoking is not permitted forward of the Ready Line, or in the vicinity of the Statistical Office, Store, food vendor, eating area, or between the Ready Line and Stat Bldg. across the length of the range.

Loading Rifles

Competitors will comply with the current NRA Smallbore Rifle rules.

Shelter

No tents or umbrellas may be set up behind the Firing Line. Folding chairs are permitted. Tents may be set up under the trees in the vendor area.

Smallbore Championship Matches

Conventional Prone Championship July 10-13, 2016

Championship Organization

The 2016 NRA National Smallbore Rifle Conventional Prone Championship is organized into individually fired matches that culminate into four sub-aggregates: the Metallic Sight Aggregate (Matches 110, 111) and the Any Sight Aggregate (Matches 112, 113). These sub-aggregate matches are combined into two grand aggregates (Matches 101, 102) which determine the Conventional Prone Any Sights and Conventional Prone Metallic Sights winners. The results of these two determines the Conventional Prone Champion. Team matches are fired matches. (See Championship Map, pages 12 and 13)

Awards Categories

A competitor is eligible to win an award in each match and aggregate, for which awards are provided. Awards will be divided into three groups: place winners, category winners, and class winners.

Aggregate Winners are limited to the top three scoring individuals in an aggregate.

Category Winners will be awarded for the top three places in each category provided there are adequate entries (one award for each five competitors). Category Awards are only provided in the Aggregate Matches.

Competitor Categories

Except as noted in this program, competitors will be divided into classes and further divided into categories as follows:

Civilian

Service

Senior

Intermediate Senior

Collegiate

Junior

Intermediate Junior

Sub-Junior

Note: The above categories are listed in order of priority for awards.

All juniors or collegiate competitors serving in the active duty military must compete in the Service category and will not be eligible for Junior awards.

Three places will be awarded in each category provided there are adequate entries as stated above. Competitors in a category without adequate entries will be notified and given the opportunity to select another category for which they are qualified.

Class Winners will receive awards in individually fired matches and Match 100, Prone Championship Match.

The Robert's Team

The Pershing/Roberts Match series, is the smallbore equivalent of the Palma Match, and is the most prestigious international conventional prone rifle competition held.

The Pershing and The Roberts are contested at eight-year intervals so timed as to allow a match to be fired every four years. All matches conducted in the United States are for the Pershing Trophy while those in Great Britain are for the Roberts Trophy. Both are fired over a Dewar course with the host country's rules and targets.

Selection for the 2017 U.S. Roberts Team will take place during the metallic sight phase of the NRA 2016 National Smallbore Rifle Conventional Prone Championship.

The 12 riflemen scoring the highest aggregate score in the metallic sight aggregate and the Dewar International Postal Team Match will be named to the team.

Candidates must use "British Legal" equipment conforming to NSRA Rules:

NSRA Rule 8.4.1.2: A rear sight, including tube sights, which may if so desired have attached a single lens or system of lenses not containing an aiming point as a substitute for, or in addition to, prescribed spectacles. Plane light absorbing filters may be used.

NSRA Rule 8.4.3: A lens may be used attached to, or forming part of the foresight in Rule 8.4.1.1 or 8.4.1.2. The lens may not be used in addition to any other lens or system of lenses except a single prescribed sight-correction lens. The sight-correction lens may be either attached to the rear sight or worn by the shooter.

NSRA Rule 8.6.1.1: The maximum sling width is 40 mm.
