

BB GUN

Rule changes effective 2014

2.3 BB - Gun Competitor - Shooters may not compete after they are sixteen years of age. The age of the competitor shall be determined by the date of the first shot going down range for each tournament.

6.2.1 - Target Height - No portion of the targets will be placed below 6 inches or above 3 feet for prone, sitting, and kneeling positions. No portion of the targets will be below 3 feet or above 5 feet from the ground for the standing position. Lateral deviations of left or right of the center of the target should not exceed 9.8 inches (25cm).

10.10.6 - Calibration of Electronic Scoring Devices - Electronic scoring devices which score paper targets must be calibrated before the start of the match. If recalibration is necessary during the match, all prior targets must be rescored using the new calibration.

10.10.6.1 - Challenge of Paper Targets Scored by Electronic Devices - If a challenge to the score is made, the individual bull must be challenged. The shot will be plugged using the appropriate scoring gauge (14.3). The decision of the referee or jury is final.

11.6.2 - Retention of Records - All fired targets must be retained until the end of the challenge period for that match. When targets are used as scorecards and the score is transferred into a computer, the computer record becomes the official scorecard at the end of the posted challenge period for that match.

Note: Targets for National Record consideration shall be retained and sent with documentation to the National Rifle Association.

14.3.3 - Electronic Scoring - Electronic scoring machines are authorized.
