

Welcome to the 2018 NRA World Shooting Championship  
Presented by Kimber

Competitors,

Welcome to the 2018 NRA World Shooting Championship presented by Kimber. We trust that you will enjoy the courses of fire testing your skills with the firearms and optics provided, and challenge yourself and each other while competing over the three-day event. It truly is a privilege we have at being able to compete with the hottest equipment from some of the greatest names in the industry and we just have to show up. How awesome is that! There are many people who would like this opportunity but, for a variety of reasons, simply cannot. As such, it is our hope that this championship be a display of good sportsmanship and a test of true marksmanship skills. It is intended that each competitor engage and hit every target presented to them and have an enjoyable time in the process. Match staff along with the industry sponsors are here to run a great championship. Everyone at the NRA wishes all competitors the best of luck throughout this event and thank you in advance for trusting us to provide you, the competitors, with the best three days of marksmanship and fellowship. Thank you also to all the match sponsors for their belief in this championship and true support of the competitors and NRA.

## **SAFETY**

1. A safe firearm condition is one that has an empty chamber, the magazine removed from the firearm, and the bolt locked to the rear. It may also be a firearm that has an empty chamber, the magazine removed, and the slide forward with the safety on. If the firearm is a revolver, the cylinder must be open and all chambers empty. If anything other than these conditions exist, the firearm is considered unsafe and to be "hot".
2. Any firearm that is grounded, i.e. placed upon a bench after completing a course of fire, or placed into a designated container during a course of fire to obtain another firearm to continue shooting (stages using multiple firearms), must be placed in a safe condition.
3. In stages involving the use of multiple firearms, a firearm is not considered grounded until another firearm is discharged. Until another firearm is discharged, a competitor may retrieve the first firearm; make it safe, before resuming the course of fire.
4. Failure to place firearms in a safe condition shall result in disqualification from the tournament.
5. Carrying or possessing an uncased firearm with the action closed, except when actually on the firing line, is a safety violation.
6. Any unintentional discharge that is not into a berm is a safety violation.
7. Any unintentional discharge that is within 10 feet of where the competitor is standing is a safety violation.
8. A muzzle may not break the 180 degree plane of the firing line, nor pass beyond a predetermined marked barrier indicating an unsafe direction.
9. Although concealed carry of firearms is permitted in West Virginia and on the ranges, carrying a concealed firearm while actually on the firing line competing in a stage is prohibited.

## GENERAL CONDITIONS

1. Should a lady competitor win the overall championship, she is eligible for the High Lady award as well, but is not eligible for the monetary award that is provided with that award. The High Lady monetary award will be passed down to the next highest female competitor.
2. Competitors must be at least 12 years of age. Those under 18 years of age, who are not competing, must, at all times, be under the direct supervision of an adult who is not competing or working the match.
3. A junior competitor is defined as a person who has not yet attained the age of 18 on the day they fire their first shot in the competition.
4. Should an Amateur Junior competitor win the overall championship, they are eligible for the High Junior award, as well. However, any monetary, sponsored or prize table awards dedicated to the High Junior will be passed down to the next highest Amateur Junior competitor.
5. Junior competitors **are not** eligible to win firearms. Parents, coaches, or other supervising adults may **NOT** accept a firearm award on behalf of the junior competitor.
6. Any competitor selecting a firearm from the prize table or receiving a firearm from a sponsor by virtue of a place prize must be legally able to receive the firearm directly from the FFL holder. No one may accept the firearm on behalf of the competitor who actually won the firearm.
7. There must be a minimum of two (2) Amateur Junior competitors to establish a High Amateur Junior award.
8. There must be a minimum of five (5) Lady competitors to establish a High Lady award.

## MULLIGAN CARD

A Mulligan Card will be available for use during the Championship.

Pro Competitors may purchase one, and only one, Mulligan card for \$50 from the Statistical Office or at registration prior to the start of competition on September 19, 2018.

Amateur competitors will each receive a free Mulligan card in their competitor packet at registration.

The Mulligan card can be used to re-fire any stage for any reason (other than safety violations), but must be used prior to the first shot of the next competitor on that stage. Failure to use the Mulligan immediately negates using the card on that stage; however the card may be used on other stages yet to be fired.

A competitor may not use a Mulligan Card on a stage where they have received a disqualification from the match.

Transfer of the Mulligan card to any other person is prohibited.

Misuse of a Mulligan card is subject to disqualification with forfeiture of entry fees. There will be no refunds on unused Mulligan cards.

The Mulligan card may be used once throughout the Championship. The CRO will verify that the name of the competitor using the card is the same as the name on the card. After the Mulligan card has been used it will be retained by the CRO on the event where it was used and subsequently turned over to the Stat Office on the day it was used.

Whenever a Mulligan card is used to re-fire an event, the score of the re-fired event is the score that stands. The score from the first attempt at firing the event is disregarded, even though it might be a higher score.

## **DISQUALIFICATION**

The NRA anticipates hosting an event free from disqualifications. However, due to the need for safety for all persons on the ranges and the need for fairness in the competition, disqualification measures must be in place.

Disqualification of any competitor may be done by the Chief Range Officer of any event, the Area Director of any area, and the Match Director; with the Match Director retaining final approval authority over any disqualification. Any disqualification from the tournament also results in forfeiture of entry fees.

1. A competitor shall be disqualified from the tournament for any breach of the muzzle passing through the 180 degree plane of the firing line, OR passing the muzzle beyond a predetermined marked barrier indicating an unsafe direction.
2. Any act of "gaming" the system, as determined by Match Staff.
3. Improper use of a Mulligan card.
4. Any disruptive behavior or displays of poor sportsmanship shall be grounds for disqualification from the stage or tournament as determined by the Match Director or the NRA Director of Competitive Shooting.
5. Failure to follow the directions or the failure to cooperate with any member of the Match Staff shall be grounds for disqualification from the stage or tournament as determined by the Match Director.
6. Leaving a firearm in a "hot", unsafe condition.
7. Any unsafe act involving a firearm.
8. Consumption of any alcoholic beverage or narcotic substance, which can alter the normal mental or physical function of the body, either on the range or in the spectator or public areas while the ranges are in use, is prohibited. The use of narcotic substances ANYWHERE on Peacemaker National Training Center is prohibited. A person who violates this will be subject to immediate disqualification and expulsion from the tournament with no return of entry fees.
9. Carrying or possessing an uncased firearm with the action closed, except when actually on the firing line.
10. Any unintentional discharge that is not into a berm or impacts within 10 feet of where the competitor, spectators or staff is standing.
11. Possession on the firing line of a firearm other than the firearm(s) with which one is competing.

## **STAGES AND EQUIPMENT**

As we begin to assemble the equipment necessary for the various stages, we will make every effort to keep you abreast of what that equipment is so that you can better prepare to compete. NRA will post stages on the match website at a point to be determined. Stages are subject to change.

Each stage may have special conditions that must be met and those will be explained in both the competitor briefing and the stage briefing.

**STAGE** Cowboy Action – Single Action Revolver in .45 Colt, Carbine Rifle in .45 Colt,

**STAGE** NRA Precision Pistol – Semiautomatic pistol in .45 ACP with iron sights.

**STAGE** NRA Action Pistol Falling Plates – Semiautomatic pistol in 9mm with iron sights.

**STAGE** USPSA - Semiautomatic 9mm pistol with reflex sights.

**STAGE** 3Gun – AR platform rifle in .223/5.56 caliber with optical sight; semiautomatic 12ga shotgun with iron sights; semiautomatic 9mm pistol with iron sights.

**STAGE** Five Stand Shotgun – Semiautomatic 12ga shotgun.

**STAGE** Crazy Quail Clays – 12ga shotgun.

**STAGE** NRA Smallbore – rifle in .22LR caliber

**STAGE** NRA Silhouette – Hunting style rifle with optics

**STAGE** DMR Challenge – AR platform semiautomatic rifle with optical sight.

**STAGE** PRS Challenge – Bolt Action rifle with optical sight

**STAGE** NRA America's Rifle Challenge – AR platform rifle in .223/5.56 caliber and/or an optical sights.

**TAX REQUIREMENTS:** The National Rifle Association continually strives to achieve full compliance with all tax laws and regulations. In this regard, the Financial Services Division conducts an ongoing review of all NRA-sponsored competitions, including but not limited to the National Matches at Camp Atterbury, Camp Perry, the NRA Action Pistol Championship (Bianchi Cup), the Smallbore Metric Championship, the Conventional Smallbore Rifle Championship, the Silhouette Championships, and the NRA World Shooting Championship where a tax event might occur. A tax event occurs when a competitor wins a total amount of at least \$600 in cash and/or merchandise prizes (excluding plaques and trophies) in all the above events combined. Because the NRA is unable to determine who might win a total of \$600 or more, every competitor is required to complete a form W-9. An IRS Form 1099-Misc is issued to all competitors whose total winnings are at least \$600 in a calendar year. The IRS requirement

above applies to competitors of any age. Please feel free to contact NRA Finance at 703-267-1652 if you have any questions in regard to this matter. Thank you for your cooperation.

**FIREARMS AWARDS POLICY:** Effective immediately, it is the policy of the NRA not to award firearms to junior competitors that are not of legal age to receive the firearm directly from the FFL holder. Firearms will also no longer be awarded to junior teams where the Team Captain is not of legal age to accept the firearm directly from the FFL holder.

**FOREIGN COMPETITORS:** Foreign competitors will be required to complete a form W8 upon arrival, and will be taxed 30% on awards at the awards ceremony regardless of amount won. Trophies and plaques are exempt from this tax.
