Once the challenge period has expired all results are final and no changes can be made.

Women On Target® has created an exciting and easy way to try out a national competition on an informal basis. You—and perhaps a friend or two—may choose a course of fire, and then shoot that course at your home or local range. Once you shoot the course, you mail your score results to the NRA. NRA will then rank all the participants’ scores across the country and distribute awards based on the number of participants entering each match.

To give you a little more to shoot for, Women On Target® will promote you and your picture (if provided) on our website: women.nra.org/national-postal-matches.aspx if you are one of the winners in any of the matches.

The program is easy to start. Fill out the entry form and mail it back to us. Once we have received your entry form, we will mail you a scoring sheet. Return the scoring sheet when firing is completed, but before the deadline of December 27th. Remember that an NRA member must witness your scored firing.

The most important thing to remember is safety first. If you are unfamiliar with your firearm or want to learn other disciplines, we suggest taking an NRA Basic Course. You may find one by visiting: ntrainstructors.org. Now, have some fun and find your competitive edge. These matches are great to see how your marksmanship skill matches up to other women shooters across the country.

For any questions please contact the Postal Program Coordinator at: postals@nrahq.org or (703) 267-1482.
