HELP MAKE COMPETITIVE SHOOTING SPORTS LAST FOR GENERATIONS

One of the best ways to permanently secure the future of competitive shooting is to give gifts to help permanently endow it. This is why John Sigler, 2007-2008 NRA President, established both the NRA and the NRA Foundation Competitive Shooting & National Championships Endowments as an important priority. These endowments help ensure the continued operation and growth of competitive shooting and national championship events.

An endowment is a permanent fund that produces investment income. The permanent fund is never touched – only a portion of the fund's earnings are used for qualified programs. Earnings in excess of funds used for program purposes are reinvested to ensure the fund's growth, thus providing a source of annual income in perpetuity. In the case of the Competitive Shooting & National Championship Endowments, the collective gifts will work together to sustain and grow competitive shooting programs.

Both the NRA and the NRA Foundation have established a Competitive Shooting & National Championships Endowment, and a gift can be made to either, depending on your tax needs. Gifts to the NRA Foundation are deductible for tax purposes, while gifts made to the NRA are not tax deductible. Your gift to either Competitive Shooting & National Championships Endowment will benefit eligible NRA-supported Competitive Shooting programs, including: competitions, junior programs, volunteer activities, postal matches, and disabled shooting services.

Important Notice

All competitors are responsible to be knowledgeable of all rules, regulations and contents of this program (NRA Rule 18.15). Everyone involved in these National Matches must understand that in accordance with NRA Rule 11.1 and 11.4, the NRA Match and Range Directors have complete authority to make any last minute changes they deem necessary in order to ensure that the competitions are run smoothly and safely. This may include changes in relay and squadding schedules and cancellations of firing altogether. Any such changes will be relayed to the competitors via announcements and/or Match Director Bulletins.

Awards Bulletin

Preliminary Awards Bulletins will be posted in Building 950. An Official Bulletin will be mailed only to competitors who specifically request a copy. This request should be made at the NRA Statistical Office upon your arrival at Camp Perry, or by email to nrachamps@cros.net before August 10, 2014. An Official Copy of the final results will be available online after the conclusion of the matches at www.nrahq.org/compete/champ3.asp.

Awards Office Location

The NRA Awards Office is located in Building 950.

Awards Office Procedures

Competitors and Team Captains should pick up their awards as they become available, when posted as final results on the bulletin board. NO AWARDS WILL BE MAILED, INCLUDING AWARDS POINTS, MEDALS, VISA GIFT CARDS, AND/OR DONATED MERCHANDISE. ALL AWARDS MUST BE PICKED UP FROM THE AWARDS OFFICE BEFORE DEPARTING CAMP PERRY.

Monetary Awards

The National Rifle Association continually strives to achieve full compliance with all tax laws and regulations. In this regard, the Financial Services Division conducts an ongoing review of all NRA-sponsored competitions, including but not limited to the National Matches at Camp Perry, the NRA Action Pistol Championship (Bianchi Cup), the Smallbore Metric Championship, the Conventional Smallbore Rifle Championship, and Silhouette Championships, where a tax event might occur. A tax event occurs when a competitor wins a total amount of at least \$600 in cash and/or merchandise prizes (excluding plaques and trophies) in all the above events combined. Because the NRA is unable to determine who might win a total of \$600 or more, every competitor is required to complete a form W-9. At the end of the year, W-9's are reviewed and an IRS Form 1099-Misc is issued to all competitors whose total winnings are at least \$600. The W-9 forms for competitors whose total winnings do not exceed \$599 are securely destroyed. Please feel free to contact Portia Padilla at 703-267-1652 if you have any questions in regard to this matter. Thank you for your cooperation.

In order to comply with the Internal Revenue Service requirement above, competitors will be asked to complete a W-9 form but will NOT be forced to do so. However, the Awards Office does track who has or has not completed a W-9 Form and no one will be allowed to claim any award until a completed W-9 form is on file. The IRS requirement above applies to competitors of any age. Social Security numbers will be verified with governmental files.

Firearms Awards Policy

Effective immediately, it is the policy of the National Matches not to award firearms to junior competitors that are not of legal age to receive the firearm directly from the FFL holder. Firearms will also no longer be awarded to junior teams where the Team Captain is not of legal age to accept the firearm directly from the FFL holder.

Competitor Packets

NOTE: All competitors must have gone thru Welcome Center/ In-processing before receiving their competitor packet. Proof of in-processing will be required before packet is issued.

1. A packet containing the necessary identification cards, squadding tickets, score cards, rule book, and other information will be prepared for registered competitors. Those listed, as non-firing participants of the National Matches will be issued a packet upon request.

2. A 2014 year tab will be included in all NRA packets. Any competitor who is a first time competitor and wishes to have a National Matches brassard should request one when the competitor packet is picked up. Additional brassards may be purchased at \$10.00 each.

3. Competitor packets will be available for pickup at the NRA Entry Office, Building 950, beginning at the time and date stated below: (No packets will be distributed before the time and date specified). Each packet must be picked up by the person named on it; except for teams that have made prior arrangements with the Entry Office. Proof of in-processing, a wrist band, for each team member must be provided before packets will be issued.

NRA High Power: 9 a.m., Wednesday, July 23

Adult Sponsors, Junior Entries

All Juniors (Sub-junior and Inter-mediate junior competitors) 17 years and under must be accompanied by an adult sponsor. An adult sponsor is defined as a person 21 years of age or older. The adult sponsor is responsible for the behavior and welfare of those individuals sponsored and must be housed with the sponsored juniors if Camp Perry lodging is used. No housing will be made available to individuals younger than 18 years of age.

Junior Competitor Eligibility

Individuals may compete as juniors in either Individual or Team competition at the NRA Championships, provided they meet the following criteria:

1. Must comply with Rule 2.3

2. Where there is only one junior team in a class/category, they will be combined in accordance with the National Championship Program until a minimum two teams are reached in an award category. If there are no other junior teams entered, they will be combined with adult teams in the appropriate class/category. The combining orders are listed in the program.

3. **Junior Team Entry Discounts:** In order to qualify for Team Entry discounts, junior teams must show evidence (results bulletins) of attaining “High Junior Team” in a Regional, Conventional Sectional, or State Championship. Competitions must have included at least two Junior teams in the match. Upon presentation of the appropriate results bulletin, a discount for team entry will be given.

4. Junior Teams that have placed as “High Junior” in Regional or State Championships may have their Camp Perry team fees reduced as follows:

- One Placement = 25% reduction of team fees
- Two Placements = 50% reduction of team fees;

A tournament results bulletin must be presented as proof.

NCAA COMPETITORS, PLEASE NOTE

In action taken by the NCAA on April 25, 2002, the Division I Board of Directors approved a change to the NCAA Bylaws that permits an individual, prior to collegiate enrollment, to accept prize money (to include NRA Award Points) based on place finish in an event without jeopardizing intercollegiate eligibility, as long as the prize money does not exceed actual and necessary expenses for that event. Any questions should be directed to the NCAA Membership Services staff at 317-917-6222.

Changes

If you have any changes to make in your entry, DO NOT WAIT until you arrive at Camp Perry. Phone the NRA Statistical Director at Camp Perry immediately after July 5. The Statistical Office number at Camp Perry is 419-301-4161. Collect calls can not be accepted.

Cancellations and Refunds

Cancellation of NRA matches will require a written notice that is to be directed to the NRA Statistical Office. Telephone cancellations can start the process, but MUST be followed by a confirming letter or email, verifying the cancellation.

NOTE: Refunds will not be made until a written cancellation request is received. No refunds will be made for those individuals who do not show up at Camp Perry and make no attempt to contact the Statistical Office. REFUNDS WILL NOT BE MADE TO THOSE COMPETITORS WHO HAVE FIRED IN ANY EVENT AND THEN WITHDRAW FROM THE TOURNAMENT.

1. By Mail - Mail cancellation letters to: Statistical Director, P.O. Box 700, Port Clinton, OH 43452.

2. By E-mail - Send cancellation requests via email to: nra-champs@cros.net

3. Cancellation Fee - A cancellation fee of 10% (not to exceed \$25) is assessed against any cancellation.

4. Cancellation Deadlines - If a cancellation is received at Camp Perry prior to the closing date of the entered phase, a total refund of fees minus the 10% cancellation fee will be made. If we do not receive a written request for a refund prior to October 10, 2014, no refund will be granted.

Special NOTE

CMP and NRA matches are separate entries. Requests for cancellation of CMP matches must be directed to the CMP office. In the case of those individuals firing both matches, separate requests will have to be made to both the NRA and CMP.

Match Cancellation by Match Director

If the Match Director cancels any individual match(s), entry fees will not be refunded. However, entry fees for canceled team matches will be refunded to Team Captains only, by mail, after the National Matches are completed. The team score card for the cancelled team match must be returned to the Stat Office before a refund can be made. In the event that a match is canceled, the Match Director may reschedule that match. It is the competitor's responsibility to bring ample ammunition should this happen.

Authorized Assistance

Individuals who have a physical disability, which precludes them from conforming to the time schedule for changing targets, may have someone assist them in moving equipment to and from the firing line. In Team Matches, Captains and/or Coaches are permitted to assist in changing targets and moving equipment to and from the firing line. In order to maintain the outstanding safety record at Camp Perry, safety rules must be observed. Violation of the following rules may result in disqualification and/or expulsion from Camp Perry with no refund of fees:

 - Carrying or possession of an uncased firearm with the action closed, except when actually on the firing line at an assigned firing point, or in an authorized dry firing area.
 - Having a loaded firearm within the limits of Camp Perry except when on an assigned firing point after the command “Load” has been given. (A loaded firearm is defined as having a round or rounds in a chamber, cylinder, or on a loading ramp; or having a magazine or clip containing one or more rounds partially or fully inserted in the firearm.)
 - Leaving a magazine or clip in a firearm or having the action closed after the firing line has been cleared.
 - Handling a firearm in any way on the firing line while anyone is forward of the firing line.
 - Any other unsafe act involving a firearm.
4. The use of eye and ear protection is required.

2014 NRA National Fullbore Championships

Foreword

1. The 2014 NRA Fullbore National Championships will be held at Camp Perry, Ohio from 4 August 2014 (Practice Day) through to 10 August 2014 (International and Open Team Matches).

2. The 2015 ICFRA Palma Match and World Championships (Team and Individual) are being held at Camp Perry as well as the 2015 NRA Fullbore Nationals Championships and ICFRA's International Rules will be applied to all those Matches. For that reason, the 2014 Nationals will also be conducted under ICFRA Rules in order to give shooters and Match Managers experience prior to 2015. Generally, ICFRA Rules are close to US NRA Fullbore rules, but there are some differences. Shooters should make themselves aware of them, and ignorance will not be accepted as a defense. ICFRA rules for both Target Rifle and F-Class Rifle can be found at (and downloaded from, if desired) <http://www.icfra.com/page4.htm>. Some guidance notes form the last part of this match program.

3. ICFRA Targets will be used throughout. They score 5V rather than 10X and have different dimensions at short range. The ICFRA Long Range Target Is almost Identical to the NRA equivalent, and 6 foot frames will be in use in accordance with U.S. practice. For those who use scoring diagrams, these can be found, for Target Rifle only, at <http://www.icfra.com/page16.htm>. The 2014 Fullbore National Championships are therefore not eligible for National Records.

4. It is planned that these Championships will be conducted using paid markers (target pullers), the cost of which is Included In the entry fees.

The Application of ICFRA Rules

This Section provides guidance in good faith, but the Rules as written apply!

Current ICFRA Fullbore and F-Class Rules will govern the conduct of these Championships except as modified within this program. Principal differences relate to the Targets and the time limits for the strings of shots and Team Matches. Check the Match Director's Bulletins for any modifications of firing conditions.

Firearms and Ammunition

1. The specifications for the F(Open) Rifle and Ammunition and F/TR Rifle and ammunition are identical to the U.S. specifications, and the ICFRA Target Rifle specification is as for the U.S. International Target Rifle (1.1 lbs/500g trigger pull) except that:

- a) A single lens may be used in the foresight provided it does not exceed +0.5 diopter, and this may be used in conjunction with a single lens or variable diopter in the rear sight and
- b) The bullet weight is specified as “not exceeding 156 grains” for .308 Win and “not exceeding 81 grains” for .223 Rem.

Equipment, Shooting Mats, Pads, and Artificial Shelter

1. The height at which equipment on the firing point is considered a windbreak is 12” (300mm).
2. The sling width is limited to 2” (50mm).
3. Both arms below the elbow must be visibly clear of the ground.
4. Shooting mats are permitted for the Fullbore National Championships.
5. Personal wind measuring devices may not be taken onto the firing point - and this includes streamers attached to telescope stands.
6. Umbrellas or other forms of artificial shelter may not be used on the firing point during the conduct of the match.
7. String timings have been laid out in the match program, and will be announced in the range instructions prior to commencing fire on each relay. The delay to shooting after which an additional sighter is permitted is 5 minutes.

Targets

Fired Targets

All fired targets will remain under control of NRA.

Target Service

1. Target pullers will be provided for individual and team matches.
2. Target Markers will comply with ICFRA Rule T12 and F12 for Marking and Scoring targets.

3. No one is allowed in the pits unless that individual is a target puller, or unless written permission of the Range Director or Match Director has been obtained and the person is registered at the NRA Entry Office.

4. ICFRA Fullbore 5V and ICFRA F-Class Targets. ICFRA targets are of conventional design, with the Bull scoring 5 and the Central designated "V". The black contains the rings from 3 through V at medium and long range, with the 2 ring additionally included at 300 yards. The dimensions are to be found at ICFRA TR Rules Annex T/D for Target Rifle, and F-Class Rules Annex F/B for F-Class (same as for TR, with a half-diameter ring inside the (TR) V ring with each ring consequently scoring one less point).

5. Shot Location Indicators - The appropriately sized shot hole spotters will be used to show the location of hits; white spotters for hits in the aiming black and black spotters for hits elsewhere.

6. Shot Value Spotters - Value spotters are placed as indicated on the target frame, all of a highly visible color such as fluorescent orange or black. The shooter may request the color they can best see.

V	Center Right Side
5	Bottom Right Corner
4	Bottom Center
3	Bottom Left Corner
2	Center Left Side
1	Center Right Side (same as V)
MISS ...	Both bottom left corner and bottom right corner

7. Challenges. Any challenge against the value marked on a target must be made at once, and before any further shot is fired. Fullbore Challenge Fees (Awards Points are acceptable)

Individual Matches (per challenge)	\$3
Team Matches (per challenge)	\$3

Register Keeping

1. Competitors will score each other. As the scoring disks are not readily visible to the naked eye under all conditions, competitors must have on their possession a spotting scope or binoculars

in order to perform scoring duties. Failure to perform scoring duties can lead to disqualification.

2. The Score Keeper **MUST** verify the chamber is clear before the competitor leaves the firing line. The Score Keeper's signature on the score card signifies this has been verified. If the competitor subsequently has an accident discharge, the Score Keeper is also accountable and may be disqualified.

Ties

1. A shoot-off will be conducted to determine the winner of an individual match should such unbreakable ties exist.

2. Ties for team matches will be determined under ICFRA Rule T21 and F21.

Use of Scoring Devices

No competitor or target puller will use scoring plugs of any kind on a target at any time. The Butt Officer (Pit Officer) per ICFRA FB Rule T12(A) and F12(A), or designee, will plug shots under contention.

Scorecards for Fullbore Nationals

1. Scorecards are provided to each competitor in the competitor packet. Upon receipt of the packet, each competitor should check immediately to be sure that a complete set of scorecards is enclosed. Each competitor must make certain that the correct scorecards are used for each day's firing.

2. **DO NOT** cross out match numbers and substitute others. Fullbore Championship scorecards are provided in sets, as a booklet. If the cards are removed one by one, there should be no incorrect scorecards used, as the booklet is set up in the order in which the matches are fired.

3. All scorecards which are used in the matches and all team cards **MUST BE** labeled with self-adhesive labels (supplied in each competitor's packet). Make certain that you place your current year's labels on your scorecards before you go to the range. Unidentifiable scores will not be used. **DO NOT** use felt-tip pens to fill out scorecards.

4. All scorecards must be turned in to a line official within 10 minutes of completion of firing a match. Failure to do so may disallow that score for awards.

5. Failure to use the proper scorecard will result in a score of "0".

NOTE: Competitors who appear at the firing line without scorecards will be required to purchase white duplicate scorecards at

a cost of \$5 per scorecard. It is the competitor's responsibility to have the correct change.

6. When signing scorecards, the competitors must remember they are signing for the value of each shot indicated on the card. Each competitor is responsible for their own scorecard. Competitors are reminded that ICFRA Fullbore Rule T10.7 and F10.7 requires the Competitor to turn in the scorecard to the RO, or to some other person designated by the RO, immediately upon completion of firing, as outlined above, when it is completed.

Electronic Devices

Competitors are reminded that ICFRA Fullbore Rule T6.10 prohibits sound producing or communication devices forward of the ready line including the pits. This also means pagers, cell phones, audible timing devices or any other sound-producing device (except hearing aids.) . ICFRA Fullbore Rule 14.11 permits the wired communication system between any authorized member of the team provided it is restricted to those on the firing point. Any Competitor or Target Puller observed using communication devices in the pits may be disqualified.

Challenge and Protest Procedures

1. Competitors and Team Captains wishing to make a challenge or protest are referred to ICFRA Fullbore Rules, Section 12. Persons other than competitors and Team Captains (in team matches only) are not eligible to make challenges or protests. Also, Team Captains may not enter either protests or challenges for an individual competitor in an individual Challenge Period.

2. Scores will be posted in two (2) locations around Camp Perry, to include NRA Building 950 and the National Matches Results Center at the back of Rodriguez Range. These two locations will house the same score printouts for competitors' review and challenge period.

3. Statistical Office Challenges must be based on the scores posted on the computer printouts at one of the two results centers, and made prior to the expiration of the challenge period posted for each match and aggregate. A competitor who fails to challenge within this time period forfeits the right to challenge.

4. Competitors should check the scores posted in either of the two results centers to verify. Any errors must be reported to the Stat Office prior to closing of the match challenge period.

Challenges

1. Each competitor should check the competitor scores as they are posted on the computer printout in one of two results centers.

Unless otherwise noted, scores posted are preliminary and do not necessarily reflect the final standings and/or awards won. If you feel your score, class, or category are not correct, it is your responsibility (team captain for team matches) to report this to the Stat Office prior to the close of the posted challenge period for that match.

2. Go to the Challenge Window in Building 950, the Statistical Office. Explain the discrepancy. The Challenge will be processed and corrections made if warranted.

3. It is the competitor's responsibility to make certain that the scores posted are correct. Failure to check scores within the time limit will result in the penalty of losing the privilege of any further challenge. It is the Statistical Office's responsibility to correct scores prior to the end of the final challenge period. After the final challenge period, the competitor accepts the responsibility for scores posted.

Procedures for Making Range Challenges

If the competitor disagrees with a shot value announced by the Scorer or displayed value of the shot, the competitor may challenge the score. ICFRA Fullbore Rule 12.10 (Marking in the Butts) or ICFRA Fullbore Rule 12.17 (Scoring on the firing point) must be used. The use of Messages as found In ICFRA Fullbore Rules Annex T/A shall be utilized when making a range challenge.

Message # / Meaning:

1. Firing about to commence.
2. No spotting disc visible.
3. Spotting disc unmistakably disagrees with the signaled value. Check that spotting disc, show LAST shot and signal its correct value.
4. A shot has been fired but no signal has been made. Examine target and spotting disc carefully and signal the shot if found or a miss. (Mark target #)
5. Competitor has challenged for a higher value for his shot. Recheck the shot hole (using a gauge if necessary) and signal the correct value.
6. It is suspected that there is a second shot on the target. Inspect the target for a second shot. If found mark and signal it, if not leave the spotting disc in the original hole.
7. A miss has been signaled but competitor has challenged for a

scoring shot. Re-examine the target carefully and signal the shot if found or a miss.

8. The spotting disc appears not to have moved. Butt Officer is to consult marker and confirm that the spotting disc is in the latest shot hole. If successive shots have been very close to each other, the RO to be advised accordingly.

9. Marking appears to be unduly slow. Butt Officer to check and correct where necessary.

10. Finished with target. Patch the target. Half-mast it, or re-rig for the next distance or put away, as the program demands.

11. Stand easy. Lower target, patch out and put target back up.

Challenge Period

1. All challenges must be made on the range before the end of the challenge period.

2. Corrections to Preliminary Bulletins will be made at the Stat Office at the Challenge Window within the time period noted.

Refiring

Any refiring will be at a time and place specified by the NRA Range Director or his designated representative.

Protests

All protests must be in accordance with applicable ICFRA Fullbore Rules, Section T15. If, after following the procedure specified in ICFRA Fullbore Rules, Section 15, a competitor feels that he or she should file a written protest, the following must be done:

NOTE: Failure to follow the following procedures will automatically void the protest.

1. If the incident occurred on the range, state the complaint orally to the Range Officer. If not satisfied, the complainant will be Immediately referred to the Chief Range Officer, who (in accordance with Rule T1.5) will consult with the Referee.

- State the complaint orally to the Range Officer on the range where the incident occurred.

2. If the incident was a result of posting or ranking, state the complaint orally to the Statistical Director. If not satisfied, the complainant will state the complaint orally to the Chief Referee.

3. In either situation, Range or Statistical, if not satisfied: Within

30 minutes after the completion of firing for the day, the complainant must initiate, sign and submit a completed Official Appeal form stating all the facts to the Chief Referee or Statistical Office. The forms are available from the Chief Referee or the Statistical Office. A protest fee of \$20 is required for each protest.

4. The Statistical Director/Chief Referee will contact the Match Committee. The Committee Secretary will assemble the Match Committee.

5. The protesting competitor should be prepared to appear before the Match Committee, if requested to do so.

6. After the Match Committee has made its decision, the protest will be returned to the Statistical Office. The competitor may pick up a copy of the protest results at the challenge window. If the protest is sustained, the \$20 fee will be returned to the complainant.

7. Should a protest require or involve provisional shots under ICFRA Fullbore Rule T15.1, the referee may collect the \$20 protest fee, and the competitor will be allowed to fire the shots required to complete the match. The shots comprising that score will be recorded on the back of the scorecard for use of the Match Committee. An Official Protest form must be completed where a re-fire is involved.

8. If the incident to be protested occurs in the pits, the complainant must orally notify the Butts Officer before leaving the pits, who will then notify the Chief Range Officer that a protest is pending. The Chief Range Officer will then notify the assigned Referee.

Match Committee

A decision of the Match Committee is final.

Test/Zero Range - Function Range

Facilities will be available to test fire high power rifles that have been repaired during a championship phase. Competitors must furnish their own ammunition. A 50 yd. high power rifle “sighting-in” range with targets suitable for obtaining 200, 300, 600 and 1000 yd basic “Zero” will be available on the Function Range located at the back of Petrarca Range during normal range hours (7:30 AM to 4:00 PM) from July 18 - August 10.
