2018

I. GENERAL INFORMATION

NRA INTERCOLLEGIATE RIFLE SECTIONALS

A. General Match Information for Rifle Sectionals

Each Sectional Tournament is conducted by a local sponsor who provides the facilities and personnel as a service to the teams and individuals who participate. Sectionals are registered matches and guidelines for registered matches will be followed.

Since these are indoor tournaments and shooting conditions are almost identical for each, it is possible to conduct them at a number of locations throughout the country. Teams may select the most conveniently located Sectional to attend. A list of Sectionals is listed in the *Coming Events* section of the **SHOOTING SPORTS USA** online magazine each month. Details regarding a Sectional are to be obtained directly from the local sponsor. <http://www.nrapublications.org/index.php/shooting-sports-usa/>

Teams and individuals may fire in multiple Intercollegiate Sectionals of each type per year (Smallbore Rifle, Air Rifle). A competitor may fire either on a varsity or club team OR on an ROTC team.

NRA Intercollegiate Rifle Sectional Teams may “shoot five, count 4” if the captain chooses to. Team Coaches/Captains list the top four scores on the team card.

A National Bulletin that lists every score fired in an Intercollegiate Sectional will be available to each competitor. Every eligible team is encouraged to take part in the Sectionals, as they are an excellent training field for beginning teams and a proving ground for experienced ones.

The NRA provides an Official Referee when possible. The NRA will also provide awards for Sectional Tournaments. The tournament host provides the range facilities, personnel, and targets.

The Match Director may require that any or all fired targets from any Sectional be sent to NRA Headquarters for re-scoring.

All fired targets must be retained until the challenge period for the Final Results Bulletin has ended, which is two weeks after the final bulletin is posted.

B. Match Conditions

Rules: All scores to be recognized as Sectional scores must be fired under the 2017 NRA Smallbore Rifle Rules, or 2017 NRA Precision Air Rifle Position Rules which are used throughout the 2017-2018 academic season. (Current NCAA Rifle Rules will be used to determine qualifying individuals and teams to attend the NCAA Rifle Championships). NRA National Sectional ranking will be determined from the two aforementioned rule books by applying eligibility and tie breaking rules to all Sectional scores. All sponsors, match staff, coaches and competitors are responsible for knowing and abiding by the NRA Rules. <http://www.competitions.nra.org/official-nra-rule-books.aspx>

Eligibility: NRA Rule 2.8 applies in that Intercollegiate Sectional matches are open to individuals and teams whose members represent any one college, junior college or university, provided each member is eligible for participation in intercollegiate competition under the rules of the institution.

*For purposes of NRA Intercollegiate Sectionals/Nationals ONLY: a collegian may compete for a maximum of four years during their undergraduate career. Collegians must be full-time during the semesters in which they compete, except for seniors in their final semester who may carry

less than 12 hours. If a collegian goes to graduate school directly after graduation from undergraduate school, and has one, or more, year(s) of eligibility left, the graduate student may compete (and complete their four years of eligibility) in their first year of graduate school. No student may compete in the Intercollegiate Sectional Program for more than four separate calendar years.

Students enrolled at any of the United States service academies may not compete in the ROTC category in this program.

NRA National Records: *NRA National Records shall be established only by American Citizens who are NRA members or Junior members of NRA affiliated clubs. National Records may be established only when competition exists, ie: more than one competitor or teams participates in an event.* To be eligible for National Records collegiate teams must be comprised of Juniors or individual members or a mix of both.

For reference, a complete reading of rule 2.8 is as follows:

Regularly enrolled undergraduate students who carry 12 or more semester hours or the equivalent in an accredited two or four-year collegiate level institution and who have not received a Bachelor's Degree. Eligibility to compete as a collegian shall extend for a maximum of four years within a five-year period beginning when a student first attends any class as a full-time (12 or more credit hours) student. The five-year period may only be interrupted by extended military service. (60 consecutive days or more), service with a recognized foreign aid agency of the U.S. Government or certified missionary service.

In order for scores from a Sectional to be recognized for NRA Sectional Awards there must be teams and individuals entered in the Sectional concerned from at least two eligible institutions.

The NRA must receive completed NRA College Club sectional paperwork, and scorecards on or before Wednesday, February 14th. Intercollegiate Sectional scorecards received after the 14th will be ineligible for Championship qualification. PLEASE SUBMIT SCORECARDS IMMEDIATELY AFTER THE SECTIONAL ENDS.

The NRA must receive completed NCAA sectional paperwork, and scorecards by Wednesday, February 21st. Intercollegiate Sectional scorecards received after the 21st will be ineligible for National Sectional Championship qualification. PLEASE SUBMIT SCORECARDS IMMEDIATELY AFTER THE SECTIONAL ENDS.

Please do not wait; submit completed scorecards in a timely fashion. *Please note: it is the responsibility of each competitor to make sure that their scorecard/s are legible and complete.*

Date of Sectionals: Sectionals are conducted between January 6 and February 11, 2018 for NRA College Club competitors, and between January 6 and February 18, 2018 for NCAA competitors as the local sponsor chooses. See *Coming Events* in the **SHOOTING SPORTS USA** online magazine for sectional locations and dates. <http://www.nrapublications.org/index.php/shooting-sports-usa/>

Entries: Complete the attached entry form and mail with the correct remittance to your Sectional sponsor, not the NRA Headquarters.

Entry Closing Date: All entries should be made two weeks prior to the Sectional that competitors elect to enter. If range space is available, the tournament sponsor may accept post entries.

Equipment: All equipment used in these matches must be in accordance with NRA Smallbore Rifle Rules, or NRA Precision Air Rifle Position Rules.

Coaching: No coaching on the firing line is allowed. Rule 9.10 & 12.2.

Ties: Ties will be broken by the method prescribed in Section 15 of the NRA Smallbore Rifle Rule Book, and/or the NRA Precision Air Rifle Position Rule Book. Note: there have been revisions to section 15.

Challenges: Competitors may challenge the value of doubtful shot holes in accordance with procedures detailed in Section 16 of the NRA Rule Books. Challenge fees are determined by the sectional sponsor.

Souvenir: To each firing competitor, team, team captain, and match staff in the Sectional Tournaments, souvenir pins will be awarded to recognize their participation in the NRA Intercollegiate Sectional Championships.

National Sectional Bulletin: Official Collegiate Results Bulletin will be available on-line as soon as scores are compiled and finalized. The bulletin will list all scores fired in the 2018 NRA Intercollegiate Sectionals. There will be a separate listing of the All-American Teams, results of the NCAA Rifle Championships, the NRA Intercollegiate Rifle Club Championships, the NRA Intercollegiate Pistol Championships and the ACUI Clay Target Championships. The ranking of the national scores will become final two weeks after the online posting. All challenges and protests regarding the findings in the official bulletin must be filed with the National Rifle Association before the two weeks have elapsed.

*****If a scorecard is illegible or incomplete, NRA Collegiate Program staff will put the scorecard to the side and enter it last; IF we have the time to determine the correct information.
