AMENDED Rule 3.8 to read: "The use of a telescope to spot shots and read wind is permitted. It may be positioned forward of the shooter's forward shoulder."

ADD Rule 11.6.7 (b)(1) to read: "In major tournaments such as Regional and National matches, on Day One, competitors of the same class and rifle type shall be squadded on the same relay. On the following days, competitors will be seed squadded by rifle type and place standing. Match directors may make exceptions for late competitors as range conditions allow and as range conditions require."

AMENDED Rule 9.1 to read: "A competitor may change rifles to another of the same or different caliber only between matches. A competitor may not change rifles between stages of a multi-stage match or during the firing of a single stage unless it has become disabled and has been so designated by the Chief Range Officer. For the purposes of this rule, the firing of a single stage is considered to have begun when the competitor has fired their first record shot. A claim that a rifle is disabled must be made immediately. All shots fired up to the time the claim is made will stand as part of the official score. (See Rules 10.9 and 10.10.). Changing of rifles between matches does not affect an aggregate match."

ADD Rule 5.2 (a) to read: "Elbow pads and elbow bags which are designed and intended to protect the shooter's elbow from the effects of an abrasive shooting surface are permitted."
