- All competitors are required to use the provided transportation to and from the Pit Area in order to keep the range cycle moving.

Target Scoring:

- **Pistol:** Each competitor will score the target to their left, except for those firing on the first target on a line, whose scoring duties will be performed by National Match personnel. In Team Matches, each team must supply a scorer for another team. Decisions of Scoring Referees are final.
- **Smallbore:** Targets will be scored by the Scoring Section in the Statistical Office.
- **High Power:** Competitors will score each other. As the Scoring Disks are not readily visible to the naked eye under all conditions, competitors MUST have in their possession a spotting scope or binoculars in order to perform Scoring Duties. All Scorers must comply with NRA Rule 14.3. 1 and are subject to Disqualification for failure to perform their duties.

Use of Scoring Devices:

- No competitor will use Scoring Plugs of any kind on a target at any time.
- The Pit Referee, or designee, will Plug shots under contention.
- NRA Smallbore Targets are not scored by competitors.
- NRA Pistol Championships: Competitors may use standard NRA overlays per Rule 14. 3.1.
- High Power: Only designated Tournament Officials may use scoring devices on the range.

Scorecards for Pistol and High Power: Scorecards are provided in the Competitor Packet. Upon receipt of the Packet, each competitor should check immediately to be sure that a complete set of scorecards is included.

- Competitors are responsible to make sure they use the correct Scorecards for each day's firing.
- DO NOT cross out Match Numbers and substitute others.

- NRA Championship Scorecards are provided in sets, as a booklet. If the cards are removed one by one, there should be no incorrect score cards used as the booklet is set up in the order in which Matches are fired.
- All scorecards used in the Matches and all Team Cards MUST BE labeled with the supplied self-adhesive labels in your Competitors Packet. Make certain that you place your CURRENT year's labels on your Scorecards before you go to the range. Unidentifiable scores will not be used. DO NOT use felt-tip pens to fill out Scorecards.
- All Scorecards must be turned in to a Line Official within 10 minutes of completion of firing a Match. Score keepers are reminded to place their label on the back of the Scorecard prior to turning in. Failure to do so may disallow that Score for Awards.
- Failure to use the proper Scorecard will result in a score of Zero being recorded. Competitors who appear at the firing line without Scorecards will be required to purchase duplicate Scorecards at a cost of \$5 per Scorecard. It is the competitor's responsibility to have the correct change.
- When signing Scorecards, you must remember they are signing for the Value of each Shot indicated on the card. You are responsible for your own Scorecard. See Rule 18.14.
- Competitors are reminded that High Power Rule 14.3.1 requires the Scorer to turn in the Scorecard, as outlined above, when it is completed. Competitors should supervise this action.

Refires: Any authorized refires will be at a time and place specified by the NRA Range Director or designated representative.

Challenge Procedures:

- Challenge procedures shall follow Rule Section 16.
- When a competitor feels that a match fired by himself or by another competitor has been improperly evaluated or scored, they may challenge that score. Such a challenge must be made within the Challenge Period.
- Challenge Fee: NRA Rule 16.1 sets the Challenge

Fee at \$3 per Challenge for Individual and Team Matches.

- If the competitor's Challenge is sustained at any point along the line of re-checks, the Challenge Fee will be returned.
- Competitors and Team Captains wishing to make a Challenge are referred to NRA Rule Book Section 16. Persons other than competitors and Team Captains in Team Matches are not eligible to make Challenges.

Team Captains may not enter Protests or Challenges for an individual competitor in an individual Challenge Period.

- Scores will be posted at the Awards Office, Building and at the back of the appropriate Range. All locations will display same Preliminary Result Bulletins for competitors' review during the Challenge Period.
- Statistical Office Challenges must be based on the scores posted on Preliminary Bulletins at the Awards Office and made prior to the expiration of the Challenge Period posted for the Match. A competitor who fails to Challenge prior to the end of the Challenge Period forfeits the right to Challenge.
- Any errors must be reported to the Statistical Office prior to closing of the match Challenge Period. The Challenge Period is 90 minutes or 30 minutes on Awards Days.
- There will be a Challenge Box located at the Statistical Office for Challenge Periods that extend past normal business hours. These Challenge Cards will be picked up each morning by 9:00 a.m.
- Smallbore Championship: See the Smallbore section of this Program for where targets will be available for viewing after scoring.

Range Challenges:

- If the competitor disagrees with a Shot Value announced by the Scorer, or displayed Value of the Shot, the competitor may Challenge the score following Rule 16. 1.
- All Scoring Challenges must be made on the range for High Power and Precision Pistol Range Challenges. All other Challenges must be made

before the end of the Challenge Period on the Preliminary Bulletin.

- Scoring Challenges for Smallbore Rifle must be made to the Challenge Referee in the Target Viewing Area.
- Scores posted after 6 p.m. will have a Challenge Period closing at 8 a.m. the following day. All scores for each Match will be posted at one time, not by relay.

Protests Procedures:

- All Protests must be in accordance with Rule Section 16.2.
- A competitor may formally protest: (a) Any injustice which he feels has been done him ***except the evaluation of a target***, which he may Challenge as outlined in Rule 16.1. (b) Conditions under which another competitor has been permitted to fire. (c) Equipment which another competitor has been permitted to use.
- If, after following the Challenge procedures, a competitor who feels the matter has not been resolved may file a written Protest, following the below process.

A protest must be initiated immediately upon the occurrence of the protested incident. Failure to comply with the following procedure will automatically void the protest: (a) State the complaint orally to the Chief Range or Chief Statistical Officer. If not satisfied with his decision then, (b) State the complaint orally to the Official Referee or Jury Chairman. If not satisfied with his decision then, (c) File a formal protest in writing with the Official Referee or Jury Chairman stating all the facts in the case. Such written protest must be filed within 12 hours of the occurrence of the protested incident. (d) The Official Referee or Jury Chairman will then forward the protest with a complete statement of facts within 48 hours of receipt thereof to the Protest Committee at NRA Headquarters.

Decisions by any of the NRA National Championship Protest Committees are final but may not override prior decisions of the NRA National Protest Committee.
