

2023 BB-Gun Rule Changes

ADDED – Rule 6.2.2:

6.2.2 Target Orientation—Targets are to be hung with the highest numbered bullseye(s) at the bottom.

AMENDED – Rule 4.1 to read:

In Registered and Approved matches, only targets bearing the words “Official National Rifle Association” and the eagle and shield insignia of the Association will be used, unless otherwise authorized. All NRA Official Competition Targets are printed by NRA licensed Manufacturers only. They may not be modified by the user or the Manufacturer, except with specific written permission from NRA Competitive Shooting Division. NRA Target masters are made using Computer Assisted Design and must be used in production of all NRA Targets.

AMENDED - Rule 17.5 *Note* to read:

National Records are maintained only for scores fired over the following BB gun courses for “Intermediate Junior” (see rule 2.3), and “Sub-Junior” categories.
